

The Bomere Beagle

Issue 1—November 2021—by the Bomere Newshounds

Welcome to the Bomere Beagle

We are happy to publish the first issue of the:

Bomere Beagle

Mr Field runs the Newshounds Club each week, when the children write news stories and find out about things that are happening in school. Also we have been interviewing staff!

The name ‘Beagle’ was chosen as it is a link to Darwin’s ship “The Beagle” and it is alliterative!

We hope you enjoy the Beagle and if you have a story for us, please send it in!

NEW LIBRARY!

Over the summer holidays, the builders have taken a visit to our school and they have converted our computer suite into our **NEW LIBRARY!**

Lots of our pupils were very excited to get to work as soon as possible and have organised the books—the fiction books are sorted into alphabetical order by surname and the non-fiction books have been arranged using the decimal system. The Library is open to all pupils every day!

Come and read a new book!

Netball tournament

The netball tournament was held before half term at The Corbet School. You may not have known about it, but don't you worry because the Bomere Beagle is here to help!

Pupils in Wrekin were trained for the tournament by the one and only Mrs Ball. Did you know that Mrs Ball was very good at netball when she was young and is still teaching people about it today? In fact, she taught Wrekin how to pass, catch and pivot (which is using one foot to move your direction while keeping your foot on the floor) which was fun!

The tournament was arranged by Miss Ryan and was held on the netball courts at the Corbet. The team eventually placed fifth, with several Year Five and Six boys and girls taking part!

Netball is taught throughout Key Stage 2 at school and Miss Ryan runs a netball club each Thursday after school!

Fire Girl - Book Review

Author—Matt Ralphs.

Reading Age—9-11

Review by: May, Year 5

This book is about a girl who finds out she is a "fire witch". Her mother gets kidnapped by a demon and the witch has to employ some unmerciful witch hunters. These hunters are also super-skilled demon hunters who are the best of their kind. Can this young witch keep her powers away from her companions and save her mother?

This book in my opinion is scary and exciting. It is full of adventure and I had to hold my breath during some sections. I fully recommend this book for older children and grown-ups as it is well-written and exciting. This book even ends in a cliff-hanger!

Rugby Tournament

The rugby tournament was created by Miss Ryan and hosted on the field at The Corbet.

The pupils who represented the school at the tournament were: Imogen, Jessie, Ben, Archie, Ollie, Maisie, Max, Henry, Lewis and Mack.

Tag rugby is a non- contact sport where players have to run up the pitch to score a try in their opponent's half. While you are running up the pitch your opponents are encouraged to rip of the tag on your belt. If they succeed in doing so you have to pass back to your teammate.

It is a very competitive sport in which we did very well in. In fact we came second overall in the whole tournament!

Pupils in Wrekin have played tag rugby for 6 weeks in PE this term and it has been very fun and energetic!

Magic Room

In our school we have a new room for music. It was originally half the computer suite but a wall has been built, splitting it in half.

All of our music equipment is kept here. We also have the school drums and guitars. We have lots of cupboards and trolleys to keep our musical instruments on. There is a variety of instruments from triangles to African jembay drums. There are also music stands and the school keyboard.

Mrs Alston, a music teacher, teaches with individuals and small groups in there every week!

We are very proud of the Music Room and are looking forward to our lessons in there!

We hope you enjoy reading the Bomere Beagle! If you would like us to share your story (an achievement or success out of school) please come and see us!
