

## **English**

We will be adopting a mastery approach to teaching English that embeds the fundamental skills for each year group including spelling, grammar and punctuation. The children will be focusing on their independent editing skills and producing longer pieces of writing across several genres.

Books:

Wisp, Odd and the Frost Giants, When the giant stirred, Windrush child, Volcanoes

## **Maths**

We follow a mastery approach to learning, that allows the children to work at a slower pace to underpin a deeper understanding of maths. They will develop deep reasoning and problem solving skills. We also focus heavily on times tables

and related division facts from x2, x3, x4, x5, x6, x8, x10, 11. This term we are focusing on the following subject areas;

- Addition and Subtraction, Multiplication and Divi-

## **Science**

**Electricity:** Pupils learn that some materials allow electricity through them and others do not. They learn about the history of electricity and they make and test electrical circuits with a variety of components. They use their knowledge of electricity to design and build a model of a burglar alarm for a house.

**Inventors:** In the second half of the term we will be looking at famous scientists and inventors. We will be focussing on their achievements and contributions to the world of science!

## **Computing:**

In computing we will be focussing on coding. We will start by looking at speed, direction and coordinates. We will then move on to looking at HTMLs

## **Exploring Eastern Europe**

## **Topic: Exploring Eastern Europe (Geography)**

The children will identify countries in Europe and their capital cities.

They will look at landscapes, climates, human geography and make comparisons with our own country.

## **PSHE**

Growing and Changing achievements, aspirations, goals, strengths target-setting. Managing feelings and transitions. Mental Health— Expressing feelings

## **Art**

Our focus in art will be printing. We will be looking at Aztec printing and will be practising printing in different mediums.

## **PE:** Thursday and Friday

Miss Ryan from the Corbet school will be delivering hockey and dance lessons. Mrs Quigley will be taking the children swimming.

## **RE**

What is the worldwide church?

Is life like a journey?

## **MFL French**

Listen actively to spoken language and show understanding by joining in and responding.

Explore patterns and sounds through songs and games.

## **Music**

The music service will continue to deliver these lessons, linking to our main topic. The children will also continue with percussion and P-Buzz lessons.

## **Design Technology**

In design and technology we will be cooking! We will be exploring, making and evaluating food from Eastern Europe
